## MediPIET @ Home

Presents

Side Event in the context of ESCAIDE 2020 featuring  
COVID-19 MediPIET Countries' Experiences |  
Wednesday Nov 25th at 12:00-14:00 CET

### Protecting populations at highest risk for COVID-19 in Eastern Mediterranean and Black Sea countries: response, challenges, and opportunities

Join us in this [ESCAIDE 2020 side event](#) as part of our MediPIET@Home COVID-19 activities. In this side event, representatives from Eastern Mediterranean and Black Sea countries will review and share their national preparedness plan and their response to COVID-19 pandemic and debate around the effectiveness of public health measures put in place.

The event is open for all ESCAIDE participants.

Registration for ESCAIDE 2020 is free of charge and is open until 23 November 2020.
