

# MediLabSecure (WP4) - Newsletter n°2 - June 2015

Dear network members,

To keep you updated of what's going on within the MediLabSecure project, here is few information.

## NEWS FROM MLS ENTOMO

> **Training session.** The first training session will be held next week in Novi Sad, Serbia. We are glad to this upcoming training! The purpose of the training is the acquisition of essential knowledge and the development of skills in mosquito vector of arboviruses (sampling, determination, surveillance). 20 attendees from Albania, Bosnia and Herzegovina, Kosovo, Montenegro, Moldova, Serbia and The Former Yugoslav Republic of Macedonia are expected. Have a look on the detailed programme (file attached).

Reminder of the other training sessions. You will soon hear from us for the next course in Turkey:

- **7-11 September 2015** - Hacettepe University, Ankara, **Turkey**  
*Concerned countries (zone 2): Armenia, Georgia, Jordan, Lebanon, Palestine, Turkey, Ukraine*
- **Spring 2016** (to be planned)  
*Concerned countries (zone 3): Algeria, Egypt, Libya, Morocco, Tunisia*

## MEDILABSECURE IN SHORT

> **Workshops.** Two other workshops are organised by both animal and human virology network in June 2015. [Full programme available on the MediLabSecure website.](#)
